Date: 20/09/2025

To,

Dear Valued Channel Partner,

Subject: GST Rate Transition-Ensuring Seamless Operations and Industry Alignment

We are writing to inform you of an important and welcome regulatory change. The GST Council has revised the GST rate on pharmaceutical products from **12% to 5%**, effective **September 22, 2025**. This progressive reform is aimed at enhancing healthcare affordability and improving access for all.

We understand that such a change may have operational and financial implications, and we want to reassure you of a **smooth transition**.

To ensure compliance and accuracy, all invoices generated from **September 22, 2025, onwards** must reflect the revised 5% GST rate along with revised MRP.

We request you to kindly update your billing and accounting systems accordingly. For your convenience, we have attached a **product list** highlighting items whose GST rate has changed from 12% to 5%, along with the **revised MRP w.e.f September 22, 2025**.

It is essential that the benefits of this GST reduction are passed on to the end consumers. This not only aligns with the spirit of the reform but also supports broader public health objectives. We are committed to ensuring fairness and transparency in addressing any transitional challenges.

We are circulating this communication through all possible channels, including our official website, E-mail to Distributors, WhatsApp, Facebook, Instagram, and other digital platforms, to ensure wide awareness and transparency.

Official Website **www.aprazerhealthcare.com**

Instagram handle **<https://www.instagram.com/aprazer.healthcare/>**

Facebook page **<https://www.facebook.com/aprazer.healthcare.pvt.ltd>**

We sincerely thank you for your continued trust and partnership. Together, we will ensure that this transition is handled in a **responsible, collaborative, and seamless manner**.

For APRAZER HEALTHCARE PVT LTD
